Faith should be cheerful and trust should be glad. And our follies and sin, not our years, make us sad. Life is brief, duty grave, but with rainfolded wings Of yesterday's sunshine the grateful heart sings. And we of all others have reason to pay The tribute of thanks, and rejoice on our way. —Whittier.

If we go as far as we can see our way in the path of duty, we are not required to go further; but no one ever tried the experiment without finding the next step made plain.

TRUSTEES' MEETING

(Continued from Page 1)

Trustee Henry, seconded by Trustee Jackson, it was ordered that the protests against the closing of the alley be denied.

Communication was read from J. J. Burke, in which he requested that he be granted permit to erect a frame building for use as a carpenter shop and office, on Brand Boulevard between Tenth and Cypress Streets. On motion of Trustee Henry, application was denied.

Communication was read from Bartlett & French, making application for a permit to install a five-gallon pump near the curb, in front of 203 South Brand Boulevard. On motion of Trustee Woodberry the request was granted.

Application was presented from C. C. Gingery for a permanent permit to conduct a jitney business, to take the place of the temporary permit granted to him on September 1, 1919. On the recommendation of the City Manager, the request was granted.

Communication was read from the Trustees of the Glendale Union High School, consisting of a copy of resolution adopted by the High School Board of Trustees at a meeting held March 2, 1920, requesting that the Board of Trustees of the City of Glendale open and widen the alley situated just west of the High School property to the full width of thirty feet, from Harvard Street to Colorado Boulevard; the High School Board agreeing to pay any amount properly assessed against the High School property for the cost of such opening and widening. On motion of Trustee Henry the matter was referred to the City Engineer to report to the Board as to what property has been deeded to the City for alley purposes on the locality referred to.

An application was presented from D. N. Wemyss of 924 East Windsor Road for a permit to operate a motor car in the jitney business. On motion of Trustee Henry the permit was granted.

Demands were presented and referred to the Finance Committee, who later reported them back approved, and on motion of Trustee Jackson warrants were ordered to be issued in payment of the same. The City Clerk reported on bids received for the printing of two hun-

dred sixty (260) bonds authorized at the recent election, to the effect that Jeffries and Company offered to do the work for two hundred fifty dollars (\$250.00) and the Western Lithograph Company for two hundred thirty dollars (\$230.00). On motion of Trustee Woodberry, it was ordered that the bid of the Western Lithograph Company be accepted.

The City Manager presented a report in regard to the request of L. W. Russell for a permit to manufacture furniture in a building located at the corner of Central Avenue and San Fernando Road, which had been referred to him at a previous meeting. In the opinion of the City Manager it is not desirable that property in this location be occupied by buildings of this character, but in view of the fact that Mr. Russell is willing to accept a permit to operate at this location limited to one year, he recommended that the same be granted. On motion of Trustee Henry the request was denied.

The City Manager presented a communication in reference to the new park and proposed swimming pool, stating that the young people, as represented by the Boy Scouts, are willing to undertake the raising of the necessary funds to build and equip the pool. The communication stated that when constructed this swimming pool must comply with the sanitary laws and rules adopted by the State Board of Health. He called attention also to the desirability of adopting an appropriate name for the new park. On motion of Trustee Woodberry the recommendation of the City Manager in regard to the method of raising funds was approved.

The City Manager presented a communication in regard to the proposed system of highways formerly outlined by him, which was referred to the Committee of the Whole.

A communication was read from the City Manager in regard to supplying outside territory adjacent to the City with water. The communication included a recommendation for a plan providing for the financ-

ing of extensions for this purpose in such districts. On motion of Trustee Woodberry the recommendations contained in the communication were approved and adopted.

The City Manager presented a communication suggesting the adoption of an ordinance calculated to control the character of buildings to be erected in certain restricted districts. It was referred to the Committee of the Whole.

The Health Officer reported a total of thirteen cases of influenza for the week ending on this date.

The City Attorney reported that an ordinance prepared by a representative of the Standard Oil Company met with his approval, and upon motion of Trustee Henry, the same was read and laid over for one week, being an ordinance giving and granting to the Standard Oil Company permission to cross with a spur track a certain street in the City of Glendale. In regard to other ordinances presented to the Board by this company, with the request for adoption, he expressed the opinion that the same are unnecessary, as the rights desired are covered in Ordinance No. 372. On motion of Trustee Woodberry the City Attorney's opinion in the matter was accepted and adopted.

The City Attorney having prepared a resolution in regard to advertising for election officers, the same was on motion of Trustee Henry, adopted as Resolution No. 1089.

On motion of Trustee Henry a joint pole agreement between the City of Glendale and the Southern California Edison Company as approved by the City Attorney was adopted and ordered to be signed by the proper officials.

An ordinance providing for the payment of certain salaries of city officials was presented by Trustee Woodberry, and on his motion read and ordered to be laid over until the next regular meeting.

Trustee Jackson introduced an ordinance, which was on his motion read and ordered to be laid over until the next regular meeting, amending Sections 4 and 9 of Ordinance No. 356.

The Interior Finish Of Your Home

—has more to do with the happiness of your family than you may think. Harmony of surroundings and cleanliness add so much to the comfort and cheer in the home and make it a place where the husband and children love to stay.

The furnishings of the home need not be expensive but if the paint and the wall decorations are renewed frequently, the result will be added cheer and better health.

Couldn't you add to the cheer of your home by renewing the wall-paper in the living room and dining room, by tinting the walls of the bedrooms and giving the walls of the bath room and kitchen a fresh coat of enamel? This is such an easy and inexpensive way of freshening up the rooms.

¶ We can sell you the paints, tints, enamels and varnishes that you may need and help you to work out an artistic color scheme

As soon as the rains are over you will want to give the exterior of the house a fresh coat of paint, as well as the garage and other out-buildings. It will add so much to the value of your property as well as to its appearance.

For Discriminating Men

Regular patrons of our Men's Department include a long list of men who are careful of their personal appearance—men who know that good grooming is essential for the man who would succeed in business or be recognized socially.

Our store policy includes the keeping constantly in stock of a large line of men's furnishings of the better grade, reasonably priced—the kind that appeal to the man who is not satisfied simply to wear new clothes but who wants to feel well dressed.

Men are pleased with the large selection they have here, too. We keep a stock that is large enough and varied enough that men of varying tastes may be satisfied.

TREAT FOR D. A. R.

(Continued from Page 1)
self is elected by parliament, so there is no such thing as politics influencing legislation or the decisions of courts to any great extent. Parliament is composed, like our own, of two houses.

"The Swiss people speak three languages. On the west they speak French, on the east pure German, in the south and southwest Italian. In the mountains is a racial language which no one understands except those who live there. A Swiss is almost sure to speak the three languages and his children are sent to France, Italy and Germany to perfect them in these tongues.

"They are cultivated and well read and you will hardly meet a business man at a dinner party who can not talk about history, art and music or who can not speak the three languages named, while many of them speak English.

"When a law is passed it can go to the people if they demand it. If thirty-thousand voters call for a referendum, it has to be submitted, and this can be had in a day almost, because under the law they simply have to put the petition up in any postoffice and the voters can sign it there. A great many of the laws go to the people and are voted on before they go into effect. They are an educated and patriotic people with many interests in common and are more inclined to pass good laws than in a great republic like our own, where the interests are so diverse and where many are not patriotic. I never saw there a man, woman or child above ten years of age who could not read and write." The colonel then spoke of the illiteracy in our own country by way of contrast, as it was brought to light during the war. But later in his lecture he told how for years the paupers and criminals of Switzerland in large numbers had been dumped into this country until it became a matter of international negotiation and more stringent immigration laws were passed by the United States.

The elections, he stated, always take place on Sunday in the churches immediately following the services, the votes being deposited in large urns by the duly qualified electors who are subject to a fine if they do not vote. Universal military training prevails, but the officers are of the people and there is no military aristocracy. The speaker gave examples of the rapidity with which the Swiss army can be mobilized because every man must at all times have his equipment ready for immediate use and he has at all times full instructions as to his number and place and where he is to present himself should the tocsin sound. Relative to the expense of the government, he said:

"This little republic of Switzerland is managed as to its finances the best of any country in the world. The expense is about \$1.80 per head for ordinary running expenses. In France it is about eight times that amount, in England about fifteen times as much, and what it is in America, no one dares to think.

"The Swiss are economical and are people of great integrity. They carry on many industries. The silk of the women of America wear is largely made by the Swiss peasantry. Most of them, though poor, have land, the average farm being ten acres, which they cultivate so intensively as to make about as much out of it as we do out of one hundred acres. The women help with the farm work and also do embroidery or silk weaving, or lace making. These industries are followed everywhere except in the Jura mountains, where they are watch makers, especially during the winter months, when certain families will make certain parts of watches which are sent to a general assembling factory at Geneva. In the silk weaving districts the importers buy the raw silk in China or the South of France and send it to these peasants who, at their leisure, weave most beautiful fabrics.

Colonel Byers then described an ideal government which has prevailed in four cantons for five hundred

years where all the people assemble once a year to the number of ten thousand in the open air and by vote of the uplifted hand adopt the laws which have been proposed and circulated among them previously in printed form, where they elect their officers and annually renew their oath of allegiance to the republic. He pronounced it a most impressive sight.

He dwelt particularly on the schools of Switzerland which are celebrated the world over, quoting a report made by an English commission sent to investigate them to the effect that "the English people have not the A. B. C. of education when compared with the Swiss system." It employs few books, but depends largely on teaching by object lessons, pupils being required to inform themselves in regard to all the familiar things around them. Every Saturday the teachers take the pupils from the cities into the country, the railroads charging the school children almost nothing. They have a good time but are also learning, and are likely to be required to name the trees they see and estimate their heights, or to name the birds describing their habits and seasons of migration. Under this system, it was declared, a boy of 14 is ready for the university.

Many other interesting things were told, one especially entertaining being an account of the speaker's visit to the Hospice of St. Bernard, where he frolicked with the wonderful dogs who display such superhuman intelligence in rescuing travelers lost in the snow while crossing the pass.

At the conclusion of the address, Mrs. Gale, daughter of Mrs. Martha Morris, a former much beloved member of the chapter now deceased, gave the ladies an opportunity to inspect the wonderful bridal veil and lace furnishings of Mrs. Morris' wedding dress, which are about to be sent East. Every woman present declared they were the most beautiful specimens of lace she had ever seen. The pattern of the veil—floral in design—was similar to that of the flounces. It was more than two yards long and intended to be draped over a satin train. It is what is known as "convent point lace," and was made in one of the convents of Paris. In design and texture it is very similar to lace exhibited by Queen Margherita of Italy at the World's Columbian Exposition in 1893, Mrs. Gale said. She generously allowed the ladies to pass the lace from hand to hand and personally inspect the various pieces, including a wonderful collar of Brussels lace of a sort no longer made which, like the larger pieces, is almost priceless. Mrs. Braly paid an eloquent tribute to the memory of Mrs. Morris, saying: "No one could go on to a higher plane from our chapter who would be more missed. We shall love her memory always."

The usual collection for the "mile of pennies" fund for the maternity hospital was taken and delicious refreshments of tea and home-made cake were served.

GREAT TUNNEL OPENED

With the holding of the official ceremony in honor of the piercing of "the hole in the southern Alps," the great Otrira tunnel of New Zealand took its place proudly as one of the world's longest subways. The full story of the Otrira tunnel has been described in the Christian Science Monitor, but the fact that it is five miles and thirty-five chains in length, and that the first shot at the Otrira end was fired on May 5, 1908, may be recalled. Owing to scarcity of labor due to the war, it may be two years before the permanent way is laid through. By that time the water power available will have been harnessed in readiness to drive the electric trains that will run from Canterbury to the west coast.

H. Hart is having an \$800 addition made to his residence at 1315 South Glendale Avenue.

C. E. Damerell has taken out a permit for the erection of a double garage at 110 North Orange, to cost \$900.

Mrs. Harry and Fannie Charlton were luncheon guests on Thursday of Mrs. Colin Cable of South Columbus Avenue.

Misses Helen and Elsie Fischer of Cypress Avenue were dinner guests of Miss Lois Mock of 223 South Louise Street last Wednesday evening.

Friends of Mrs. Dora Glazier of 220 East Lomita Avenue, who is spending the winter in Los Angeles, say that she will not return until the last of April.

Wednesday evening Mrs. Warren Roberts was the guest of Mr. and Mrs. H. P. Goodwin of West Garfield Avenue at dinner at the University Club in Los Angeles and afterwards at the Orpheum.

Mr. and Mrs. Andrew McIntyre, Miss Annie McIntyre and Mrs. Helen I. Campbell, formerly of 135 South Isabel Street, have moved to 718 E. Harvard Street where they will be at home to their many friends.

Engineer G. E. Daley motored over to Hemet Wednesday to advise with the Riverside County authorities on a flood control project embracing the San Jacinto river and many smaller streams, the work to cost several hundred thousand dollars and to be modeled on the Los Angeles county plan.

The Woman's Guild of St. Mark's Church was entertained Thursday afternoon for its monthly tea and business conference at the home of Mrs. Archie Parker on North Louise St. About seventeen were present and many interesting things were discussed. Plans for the future included a bazaar to take place during Easter week.

Mr. and Mrs. Alton Goodale who for some time have lived at 1254 S. Maryland Avenue are going to be obliged to move in the near future, as the house has been sold. They have been entertaining this week Mrs. Goodale's parents and her brother and sister-in-law from South Dakota, who have been spending the winter in San Diego.

Mrs. Ella Richardson is expecting her daughter, Mrs. Shives Mitchell, and little son from King City, Cal., inside of a week to be with her for about a month. She has about decided to retain her beautiful home at the corner of Riverdale and Central, which was on the market for a time, and to sell the smaller home she has been building on Brand Boulevard.

The quarterly conference of the Central Avenue Methodist Church took place Wednesday and Thursday evenings. District Superintendent Davis of Pasadena being present. The Woman's Foreign Missionary Society of the church had an unusually pleasant and profitable meeting Wednesday afternoon at the home of Mrs. Henry Goodsell of W. Palmer Avenue.

Eugene Gillies, son of Mr. and Mrs. A. Gillies of 117 South Belmont, for some weeks has been at home on a home he is building with the help of another carpenter on East Wilson near Verdugo Road. The plastering is on and while waiting for it to dry he is working on his garage. He expects to move into it in a few weeks. It is near the residence of his brother, Archie, and not very far from the home of his parents.

Mrs. L. Kirri of 230 South Louise Street and her house guest, Mrs. J. T. Anderson of Oakland, spent Wednesday at Venice. Mrs. Kirri has always considered Venice one of the interesting points of amusements in this part of the country, so she was greatly disappointed to find most of the concessions closed to the public. An interesting afternoon was spent at San Gabriel going through the old mission, the first of the week. Mrs. Anderson and son will leave next week for their home in the North.

Mrs. A. B. Maescher, proprietor of the Glendale Stables, was very much concerned over the illness of a favorite pony which was suddenly stricken with paralysis while under the saddle on East Lomita Avenue Tuesday afternoon as a result of an acute attack of colic. The animal was conveyed to its stable home on a sled drawn by a team of work horses. The treatment of the veterinarian called in consultation proved effective, and it is said to be recovering with a prospect of soon being completely restored.

Mrs. V. G. Godfrey of 131 North Adams Street is organizing her poultry yard for operations the coming year. Last season she hatched chickens with incubators. This year she is using hens. She says she has found them exceedingly useful in caring for the young chicks. They do it quite as efficiently as she can, they do it easier and their time is worth less. For brood hens she uses Rhode Island Reds, who are not constant layers any way, in her experience, and who can therefore the better spare a portion of their time to the duties of motherhood.

ENJOYABLE MUSICALS

MRS. COLIN CABLE ENTERTAINS FOR ARTISTS FROM NEW ORLEANS

An enjoyable musicale was given at the home of Mrs. Colin Cable on South Columbus Avenue Tuesday afternoon at which two recent additions to Los Angeles musicians were heard in a well chosen program. Anita Gonzalez Roeschneider, one of the artists, is from New Orleans, where she is well known as a concert pianiste. She displayed wonderful technique and her tone coloring was brilliant and a delight to hear. Her companion, Mrs. Laura Stevenson Stang, is of Pittsburg, but for twelve years has been a resident of New Orleans, where she achieved an enviable reputation as a concert and oratorio soloist. She has also sung in some of the large churches of Pittsburg and is at present singing in Los Angeles. She has a voice of unusual richness and power and uses it with discrimination and intelligence. All present expressed the hope of hearing her in concert.

Mrs. Charles Parker sang two beautiful numbers and Mrs. Le Roy Bosserman and Mrs. L. N. Hagood contributed two of their own compositions as well as other numbers. The home of the hostess was beautifully decorated with purple iris and yellow freesias, and a delicious two-course luncheon was served at the close of the program. The guest list included besides the honorees: Mesdames L. V. Ashton, Le Roy Bosserman, Alexander Mitchell, J. I. Wernette, L. N. Hagood, Chas. Parker, Catherine Shank, Robert Yost, Edward Klopp, Charles Bosserman, Miss Lorraine Mitchell and Mr. Stang.

GLENDALE SCORES

Mr. and Mrs. Ben C. Glasscock of 360 West Elk street have been residents of Glendale for about six months and who came here from Santa Monica after having previously lived in Monrovia, declare they like Glendale better than either of the other cities. Their good opinion of the jewel city is endorsed by their house guest, John Wyatt, brother of Mrs. Glasscock, who has come from Montana to spend the winter with them. He has visited them before in Southern California and has cast his vote for Glendale.

Miss May Brown, eldest daughter of Mrs. O. L. Kilborn, of 217 W. Lomita Avenue, arrived at home this morning from Union City, Tenn., where she had been with relatives since 1912.

Richard McCrea of Detroit, Mich., and his sister, Mrs. William Barnes, of Saskatchewan, Canada, are the guests of their mother, Mrs. M. A. McCrea of 822 East Wilson Avenue. Mr. McCrea will probably leave for the East next week.

Mr. Van Kolken of 618 East Chestnut, his wife, his mother and two children have been quite ill of influenza but are now out. The same situation is true of Mr. and Mrs. Hart and their two children of Raleigh Street.

Mrs. Maude Scofield, who sold her property on North Central Avenue in November and bought the home of Mrs. U. H. Gowen at 310 N. Kenwood, likes her new location very much. She is today entertaining her sisters, Mrs. Newham and Mrs. Johnson, from Eagle Rock.

S. L. Gillan, who was in Placerville for some time, was overtaken by influenza there and when convalescent returned to his home at 107 East Lomita where he now is. He will probably be here for a week to come.

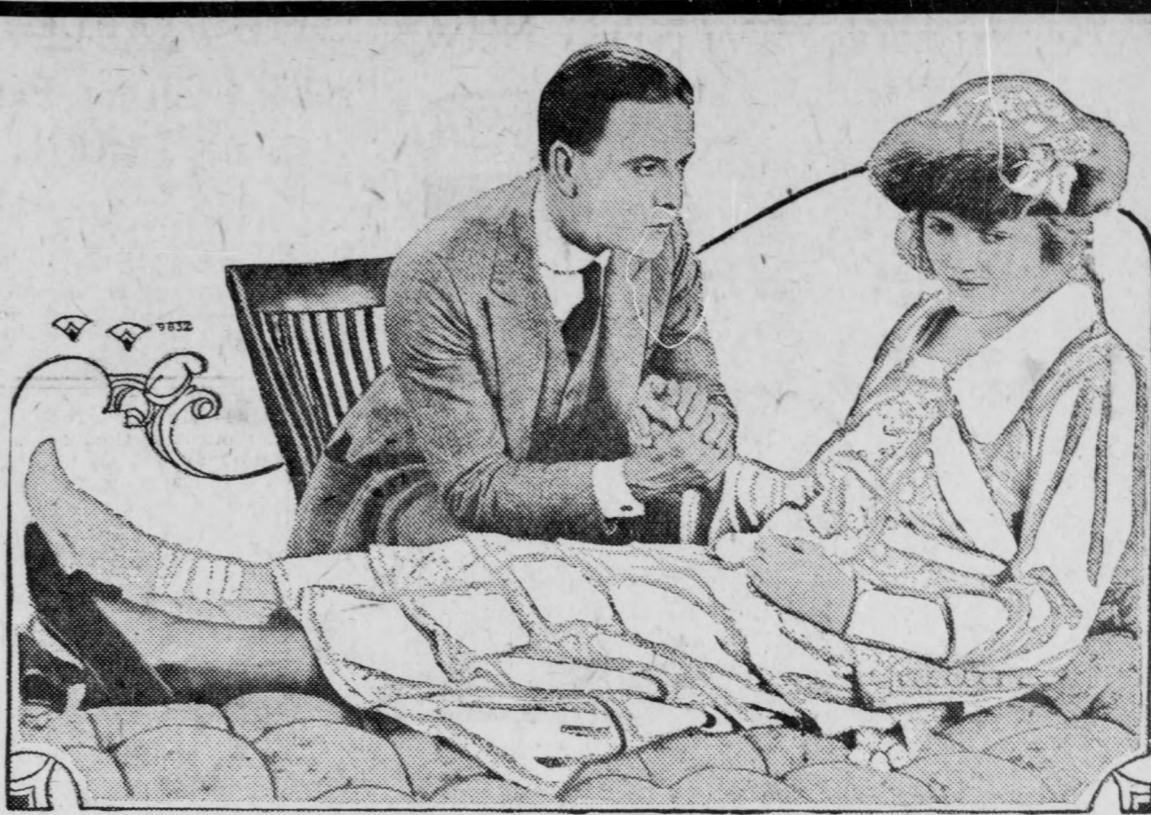

C. E. Battey, who sold his poultry and pet stock exchange at 134 N. Brand, three years ago next June and has since been connected with Pacific Poultry craft as half owner, then later was in charge of a job office, graduating from that to a rabbit ranch in South Glendale, is going back to his first love and will engage in the old business in Glendale soon, having rented a room for that purpose on North Brand, near the old location.

NEW WATER DISTRICT

CITY TO REQUIRE ANNEXATION BEFORE WATER IS SUPPLIED TO NEW TERRITORY

The city is now seriously considering the supplying of several outlying districts that many suppose are really within the city limits, with full water service, but with the condition that such districts first annex to the city. Such action would give a mighty impetus to the development of such districts and provide many handsome new residences. The policy would be to have municipal improvement districts formed to include such annexed territory, they to issue bonds to pay for the laying of distribution mains and laterals, also of a high level reservoir if such should be needed. The city would then furnish the water at prevailing city rates and would pay from the sale of this water the same percentage as is devoted from the revenues of the water department of the main portion of the city to the payment of bond redemption and interest. Any additional amount needed for this latter purpose would be raised by taxation in the district.

HARTLEY SHAW CANDIDATE FOR SUPERIOR COURT JUDGE

Hartley Shaw of 212 West Park Avenue has announced that he will be a candidate for election to the Superior Court bench for the short term. He is a son of Justice Lucien Shaw, and was associated with the district attorney's office for a number of years. He is now a member of the Glendale Board of Trustees and is president of the Glendale Union High School Board of Education.

W. F. TOWER COMPLETES WORK OF REMODELING HOUSES

W. F. Tower has just completed the remodeling of a house he moved on to a lot at 413 East Lomita Avenue. He has made a two-apartment house of it. Just back of it, facing on Elk Avenue, is another house he has similarly remodeled, and another beside it that he made over into a five-room residence. He has thus relieved the dwelling house shortage by providing for five families, and all in the last six months.

FURTHER IMPROVEMENTS ON DAYTON COURT

C. A. Lessard yesterday took out permits for the erection of two five-room houses and garages, one at 205 and the other at 209 Dayton Court, each to cost \$300. Mr. Lessard and one or two other builders are making this short street into a small colony of new buildings and expect to have it paved before long.

Even the clinging hairs that pets spread on rugs are instantly detached by the thorough sweeping of The Hoover. By its gentle beating it dislodges the destructive embedded grit. By its suction cleaning it withdraws the loosened dirt. These are the three essentials of thorough cleaning. Only The Hoover performs them all. And it is the largest selling electric cleaner in the world.

Building Is Our Work

What do **you** do? Whatever your work is, you try to give the man you're working for a square deal, don't you? So do we. We give the men who employ us the very best there is in us.

We put ourselves into our work.

We draw on the previous experience we have had in planning and building hundreds of residences, business blocks, and public buildings and we put all our knowledge in this respect at the disposal of our client.

We incorporate in the buildings we erect, ideas and features that we have learned by experience tend toward better and more artistic construction.

We are careful to carry out to the minutest detail every term of our contract.

We see to it that the material that goes into the buildings we erect, is exactly as specified in the contract.

When you employ a contractor you want to feel that you are going to get a square deal.

Does our past record and the many buildings that are standing in Glendale as monuments to our ability satisfy you as to our efficiency and reliability?

WHO IS GOING TO BUILD FOR YOU?

No. 44852 ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE

In the Superior Court of the State of California in and for the County of Los Angeles.

In the matter of the guardianship of Henrietta Chappell, Incompetent. It is ordered by the Court that the next of kin and all persons interested in the estate of said ward, do appear before the Superior Court of the State of California, in and for the County of Los Angeles, Department Two thereof, on the 23rd day of March, 1920, at 10 a. m., then and there to show cause, if any they have,

why an order should not be granted to the guardian of said ward for the sale of the real property belonging to said ward, as prayed for in the petition hereinbefore filed, and that a copy of this order be published at least three successive weeks in the Glendale Evening News, a newspaper printed and published in said County of Los Angeles.

Dated February 18, 1920.

LAST NURSES' CLUB CLOSED IN FRANCE

The last Y. W. C. A. Nurses' Club in France closed in December, at Hospital 33, Brest. Since July, every nurse returning to this country from overseas service has passed through Brest, and has been entertained in one way or another at this club. Among the nurses who enjoyed the hospitality of the club during its last month of service were twenty Americans who had volunteered for service in Selicia, and who went to Coblenz from Brest, to await orders to proceed.

More women went overseas as nurses than in any other capacity. Nearly 11,000 American nurses saw service abroad, and for these women the Y. W. C. A. clubs furnished opportunities for rest and recreation in off-duty hours. There were thirty-eight Nurses' Clubs, of varying sizes, established and carried on during the war period. In one of the largest clubs, in Paris, 1200 cups of tea were poured in one month.

The Nurses' Clubs did not restrict their sphere of usefulness to Americans alone. The one which has just closed at Brest, for example, had entertained women from Canada, the Bermudas, Scotland, England, Ireland, Sweden and France, as well as from the United States.

American nurses appreciated so keenly the advantages of the Nurses' Clubs overseas that they refused to dispense with them when they returned to this country. Consequently the same sort of clubs were established by the Y. W. C. A. in army hospitals on this side of the water, and were carried on by Y. W. C. A. Secretaries until November first, when they were taken over by the government to be conducted as a regular part of its program for army nurses.

DO YOUR BEST

The man who does not seek each day to do his very level best, no matter what his task, is doing himself an injury and increasing his debt to humanity. Life is a serious business.—From the New Era, Federal Penitentiary, Leavenworth, Kas.

SOURCES OF HAPPINESS

Human happiness is produced not so much by great pieces of good fortune that seldom happen as by little advantages that occur every day.—Benjamin Franklin.

Of course it is known
To all men of Glendale
That here is a shop
Where the best styles prevail.

On Brand Boulevard,
At North, One twenty-two,
Where Berman, the tailor
Will make clothes for you.

No suit from his shop,
Ever leaves, each one knows,
Unless these requirements
Are filled ere it goes.

The suit that he makes,
Must have style and fit;
An air of smart tailoring
Goes, also, with it.

No shoddy he uses,
In suits that he makes;
The best of materials
And linings he takes.

For eight years this tailor
Has made suits here for men;
And still they employ him
Yet again and again.

When you need a suit,
Why not get the best?
Just go in to Berman's
And he'll do the rest.

Katherine dances divinely,
Lucia sings superfinely,
May's goodness would reform a crook;
Nan's deliciously naughty,
Olive's handsomely haughty,
But—Zelna knows how to cook.

Polly's penchant's to flatter,
Quella sauns foolish chatter,
Roselle can be kissed in a nook;
Stella always is clever,
Tillie has bored me never,
But—Zelna knows how to cook.
Ulla's strong point's athletics,
Vevie's mastered phonetics,
Wilhelmina glides like the brook;
Xantippe's name belies her,
Yvette, no one decries her,
But—Zelna knows how to cook.

A BAD EGG

The railings of a big transport on its way to France were lined with very new soldiers when a massive gob hurried by, bent upon some urgent duty.
"Gangway! Gangway!" he shouted as he passed along the deck.
"Gee, that guy'll catch hell when they find him," murmured one of the recruits. "They been hollerin' for him all morning."
"Hollerin' for who?"
"Why, that guy Gangway."

WHAT IS IT?

A small girl was visiting her aunt's room for the first time. She walked about and scrutinized everything with interest. Finally she stopped before an attractive picture frame which was standing on the table, but was empty. After a puzzled moment she said: "Auntie Ethel, what is it I don't see?"

IT IS GRANDMA SHROPSHIRE NOW

Mrs. Mary E. Shropshire of 245 South Everett is rejoicing over the receipt of a telegram yesterday from her son, Charles, familiarly known as "Choppy" in Glendale, telling of the birth of a baby boy. Charlie and his wife are now living in Memphis, Tenn., where he is working for a chain store company. The new arrival has been named Charles, Jr.
